

Let's korero!

- 1. Colour in the chatterbox.
- 2. Tear out the square.
- 3. Fold and unfold the square, along all four lines of symmetry. The creases will form a 'star' to show you the center of the chatterbox.
- 4. Place the chatterbox on a flat surface, the blank side facing up. Fold each corner into the centre.
- 5. Turn the chatterbox over. Fold each corner into the centre.
- 6. Fold the chatterbox in half- so four square flaps are facing outwards.
- 7. Insert your thumbs and index fingers under the flaps.

As you pinch your fingers together, the chatterbox will take shape.
